## McCLOSKEY'S WATER GARDENS

WATER LILIES - GOLD FISH

POOL DESIGNING - PLANTING &amp; SERVICE

416 Tenth Avenue

Upland, California

Dear Sirs:

We have for some time been issuing circular price lists offering items of interest to the Water-Landscaper, Aquarist, and Pet Dealer at prices often far below any standard wholesale listing.

These prices hold good only from one issue of the list to the next. Each automatically cancels all previous quotations; unless otherwise stated. In this way, while giving great values, these prices do not affect standard wholesale or retail quotations.

We have asked only one thing in return THAT THE DEALER, PURCHASING FROM THIS LIST, REFRAIN FROM USING THE MARGIN GIVEN, TO SELL ANY OF THESE PRODUCTS LOWER IN PRICE THAN THE STANDARD QUOTATIONS OF HIS TERRITORY.

In quoting such low prices as we have been able to, we have endeavored to give the dealer a great margin of profit on each retail sale. It is only by your co-operation that this may be possible. Should any dealer lower the retail listing of any given product, many others will be forced to do likewise. As this goes on, all will find themselves selling below the cost of production, transportation and overhead, which must eventually force them to go out of business.

of

We issue these lists to dealers only. Your customers will not be able to purchase them from us. In this respect, we are doing our utmost to protect you individually and collectively and ask you to protect us, by protecting each other. This list goes out to many Universities, Libraries and other such institutions, as well as the U. S. Department of Agriculture where you may refer to it at any time. Purchases from it however, as previously stated, are restricted entirely to "bonafide" dealers.

We have been able to offer various suggestions to many of our dealers that has been of aid to them in solving some of their problems and are only too glad to continue this service. However, as our expenses have grown quite heavily in this respect, we ask that you enclose a stamped, self-addressed envelope when using this service only.

Please place our address on your mailing list to aid us in building up our collection of data.

Thanking you for your patronage and hoping that you have been pleased with, and will continue to find our quality and service satisfactory to you.

We are,

Sincerely yours,

McCloskey's Water Gardens.
